6 - WEEK INTENSIVE

SPRING 2019 COURSE OVERVIEW

INTRODUCTION

HELLO!

If you picked this up, you are likely to be either interested in enrolling in the program or are curious as to what School of Worship is all about. You're in luck! This little booklet contains the overview of the six-week intensive course SOW currently offers. This is the basic prerequisite to move on to the advanced course in the Fall, and thereby, fully completing Year 1, should you choose to continue on.

The Vision of the School is to raise up Spirit-filled worshippers who play skillfully on their instrument and are growing in the knowledge of God and their relationship with Him, unto His glory.

Ultimately, the goal of this 6-week intensive is that you would leave with tools that you would continue to nurture in your journey with the Lord.

We pray that you would find this course useful to your growth as a Worship Team member and a worshipper altogether.

Blessings,
Marianne Felisilda
Head, School of Worship

Envy - Bob Sorge

Envy has the potential, single-handedly, to quench the flow of God's blessings -both in our own lives and in the lives of those around us. Let us learn how to recognize envy and move past it to true biblical love for one another.

Bob calls envy "the most common problem that nobody has" (because we don't usually perceive it as our own personal problem). Envy is a terrible evil that hinders the progress of God's kingdom in subtle ways, eroding the unity of the body of Christ. And no one is exempt from its tentacles.

As we receive the tender and compelling warnings of this book, we become candidates for the release of the power and glory of God in this generation.
